

Scitech can attend your event with our fascinating and exciting programs. No matter your budget or location across Western Australia, Scitech has a program to suit you. Call the Bookings team to discuss your options.

**SCIENCE  
WONDERLAND**

Enter a Science Wonderland with Scitech.

Science Wonderland is a unique collection of exhibits that allows your visitors to explore, experiment and discover the world of science, technology, engineering and maths.

Packed with interactive exhibits, Science Wonderland will ignite curiosity in kids and adults alike with exciting puzzles, amazing challenges and awesome tech.

**VR EXPERIENCE**

Immerse yourself in Virtual Reality with Scitech's Samsung Gear VR station! Supported by Oculus technology, these portable headsets allow you to explore fascinating new worlds all without leaving your seat (must be 13yrs+).

**DURATION**

Scitech's community programs can be offered for up to 5 hours per day.

A science show runs for 30 minutes.

**CONDITIONS**

All of our community programs require an undercover or indoor space with access to power. More specific requirements can be found on the next page.

**SCIENCE SHOWS**

**BUBBLES** - Discover the power of bubbles from the tiny to the giant and explore their scientific properties. What can bubbles be made of? Do they always have to be round? What happens when they're set on fire?!

**ELEMENT OF SURPRISE** - We love learning so much that we have built tools that allow us to extend our senses and discover even more. See the world around you in a whole new light! Together, we'll use some of the different tools to explore chemistry and reveal unseen properties.

**EARLY CHILDHOOD  
EXHIBITS**

An interactive and exciting learning environment for ages 0-5, where developing young minds are able to learn through play. A hands-on learning experience for adults and children to enjoy together.

### PROGRAM REQUIREMENTS

It is compulsory that a member of your organisation meet our staff on arrival for a venue induction to address any potential occupational, health and safety issues that may arise.

Please confirm that you are able to provide the following:

#### Science Wonderland

- An undercover/indoor space a minimum of 8m x 10m, protected from sun, wind and rain
- Access to normal power outlets
- Perimeter fencing
- Vehicle access as close as possible to setup location two hours before the exhibit opening time and 90 minutes after our closing time.

#### Science Shows

- An undercover/indoor space a minimum of 6m x 3m, protected from sun, wind and rain.  
Please consider additional covered space for your audience.
- Access to normal power outlets
- Access to water
- Perimeter fencing to close off area between shows
- If we are sharing a stage with other parties we will need an area as close as possible to the stage to set up and prepare our equipment, plus 15 minutes either side of shows to move equipment on and off the stage.

If you are choosing both Science Shows and Science Wonderland for your program, please ensure you meet both sets of requirements.

#### Vehicle Access

- Please include a map with the preferred parking area clearly marked.
