

INFORMATION SHEET

## In Your Community

# Community Events

Are you part of a community group, school P&C or a local retailer? We'll bring the wonders of science to you with our engaging, inclusive community events that are high on energy and higher on learning.

Whether you're running an agricultural show, fair or fete, let our Science Presenters put on a show you'll never forget.

No matter your budget or location across Western Australia, Scitech has a program to suit you.

### Science Wonderland

Enter a Science Wonderland with Scitech.

Science Wonderland is a unique collection of exhibits that allows your visitors to explore, experiment and discover the world of science, technology, engineering and maths.

Packed with interactive exhibits, Science Wonderland will ignite curiosity in kids and adults alike with exciting puzzles, amazing challenges and awesome tech.

### Science Shows

#### I've got a problem

Does public speaking make your heart race? Do you have a friend with a 'gas' problem, Come on a journey as we use experiments, and a bit of research, to investigate how to solve some of life's everyday problems... from the quirky, to the interesting, to the downright stinky.

#### Burning, melting, saving

Can a nappy help us save water? Are there other ways to make fuel? Burning, Melting, Saving uses curiosity and experimentation to find out how science, technology, engineering and maths can help us solve some of the biggest world's problems. Explore the science behind plastic recycling, water conservation and fuels as we melt, burn and explode our way through a series of spectacular experiments.

## Early Childhood Exhibits

An interactive and exciting learning environment for ages 0-5, where developing young minds are able to learn through play. A hands-on learning experience for adults and children to enjoy together.

### Duration

Scitech's community programs can be offered for up to 5 hours per day. A science show runs for 30 minutes.

### Conditions

All of our community programs require an undercover or indoor space with access to power.

Quotes include travel charges for regional events.

## Program Requirements

It is compulsory that a member of your organisation meet our staff on arrival for a venue induction to address any potential occupational, health and safety issues that may arise.

If you are choosing both Science Shows and Science Wonderland for your program, please ensure you meet both sets of requirements. Please confirm that you are able to provide the following:

### Science Wonderland

- An undercover/indoor space a minimum of 8m x 10m, protected from sun, wind and rain
- Access to normal power outlets
- Perimeter fencing
- Vehicle access as close as possible to setup location two hours before the exhibit opening time and 90 minutes after our closing time.

### Vehicle Access

- Please include a map with the preferred parking area clearly marked.

### Science Shows

- An undercover/indoor space a minimum of 6m x 3m, protected from sun, wind and rain. Please consider additional covered space for your audience.
- Access to normal power outlets
- Access to water
- Perimeter fencing to close off area between shows
- If we are sharing a stage with other parties we will need an area as close as possible to the stage to set up and prepare our equipment, plus 15 minutes either side of shows to move equipment on and off the stage.
- Please include a map with the preferred parking area clearly marked.
