

Shopping Centre programs

Make your centre a true destination for school holiday fun!

Scitech's interactive exhibits and live science shows are designed to explore the world around us. With our distinctive mix of fun, curiosity and hands-on investigation, we create exciting experiences for audiences of all ages.

Science Shows

Our science shows have been designed to appeal to audiences of all ages. We encourage children and their parents or caregivers to engage with the shows together through observation, making predictions and sharing their delight in the outcomes.

Under Pressure

Do you ever feel like you're under pressure? That's probably because we all live under a crushing force of air pressure. We just don't notice it because our bodies (and the things around us) push back. Our science presenters explore just how much pressure we're really under as we use nothing but the ocean of air around us – and a splash of science – to turn your world inside out and upside down.

Hot vs Cold

Two temperatures enter, one temperature leaves – and the results are sure to surprise! Our science presenters explore how the hidden properties of materials affect how heat forms, flows and feels with this astonishing demonstration of thermodynamics. Audiences will make predictions and test ideas in this ultimate showdown between heat and ice.

Science Wonderland

Our Science Wonderland is a unique environment packed with interactive exhibits, brain-bending challenges and awesome tech. Guaranteed to ignite curiosity in kids and adults alike, this hands-on experience allows visitors to explore, investigate and discover the world of science, technology, engineering and maths!

Program	1 Day	5 Days	7 Days
Science Shows – up to 4 Shows per day	\$700	\$2,800	\$3,850
Science Wonderland	\$1,400	\$5,600	\$7,700

Conditions

It is essential that a member of your organisation meets our staff on arrival to ensure occupational health and safety requirements are met.

Duration

Our community programs can be booked for up to 5 hours per day. Our live shows run for 30 minutes each.

Checklist

There are a few things we need to confirm to ensure our Scitech experiences are fun, safe and accessible.

For you to provide

All bookings

- Location map with the show space and preferred parking area clearly marked
- An undercover or indoor space protected from sun, wind and rain
- Perimeter fencing

Science Shows

- The minimum size for our stage is 6m x 3m
- Additional covered space for your audience
- Access to regular power outlets
- Access to water
- If we are sharing a stage with other parties we will need an area as close as possible to the stage to set up and prepare our equipment, plus 15 minutes either side of shows to move equipment on and off the stage

Science Wonderland

- The minimum area required to display this product is 8m x 10m
- Access to regular power outlets
- Vehicle access as close as possible to the setup location, 2 hours *before* the scheduled opening time and 90 minutes *after* our closing time

We will provide

All bookings

- Promotional images
- Tagged electrical items
- Trained Scitech facilitators with Working with Children Checks
