

Early Childhood Excursions

Never is science more exciting than when you're first learning about the world – that's why we have special early learning STEM programs and science resources for early childhood educators.

See below for what your students can discover at Scitech:

Discoverland

Discovery through Play

Students experiment with exhibits through play to make discoveries about how they work. They are encouraged to make observations and predictions about the uses of exhibits based on their size, shape, and materials. Children share their experiences and observations, giving them the perfect opportunity to ask questions and receive an answer.

Years: K-PP
Duration: 60 minutes
Terms: 1-4

Simple Machines

Students will discover the uses of push and pull forces by investigating cogs, wheels, pulleys, screws, and other simple machines. By playing with exhibits, they will explore how simple machines can interact to make larger and more complex machines. Children share their experiences and observations, giving them the perfect opportunity to ask questions and receive an answer.

Year: 1
Duration: 60 minutes
Terms: 1-4

Feature Exhibition

Astronaut

There is no other job where you can find yourself quite as far above the Earth as that of an astronaut. From the years of training on earth, blasting off into outer space and doing science in zero gravity, astronauts have become synonymous with adventure, exploration, and endeavour. This exhibition allows visitors to step into their moon boots and experience the incredible world of the space explorer. Under the direction of a Scitech staff member, students will make observations, discover how astronauts perform their jobs and think about what's next for space travel.

Years: 1-3
Duration: 60 minutes
Terms: 1-3

Puppet Theatre

Find it, Fix it

Welcome to the Curiosity Shop, a place where all sorts of interesting and curious things are held.

Rowena the Rat has a problem! Rowena needs a pram for her six children. Find out about the parts of the pram and help make one out of various things in the shop. One of the characters in the shop thinks that all the 'junk' is useless. A show about creativity, invention and recycling.

Years: K-1

Duration: 20 minutes

Terms: 1-4

Dinoshadows

Step back in time and learn all about the dinosaurs with our shadow puppet theatre show Dinoshadows.

This introductory science show uses the senses to explore light and shadows and observe animal features and differences. It introduces young students to the concept of being an audience member.

Years: K-1

Duration: 20 minutes

Terms: 3-4

Planetarium

***Children under 4 are not permitted in the Planetarium.**

Tilt

When the seasons go astray and it starts snowing in summer, siblings Annie and Max must find a way to set things right. This animated film revolves around the Earth's seasons and explores why regions of planet Earth experience different seasonal conditions.

Years: PP-3

Duration: 45 minutes (incl. a 20 minute live presentation)

Terms: 1-4

Scitech Lab

The Curious Case of the Missing Lunch

Oh no! Our science presenters' lunch has been taken and eaten. There were four cuddly suspects in the room at the time. Who took the lunch- was it the polar bear, elephant, chameleon, or orangutan? Let's be forensic scientists and find out! Students carry out simple experiments where they gather, record, analyse and discuss evidence.

Years: 1-3

Duration: 60 minutes

Terms: 1-4

Includes

- 1 General exhibit exploration
- 2 Planetarium Show
- 3 Puppet Theatre Show

per child

Facilitated activity at
The Scitech Lab

- All supervising adults are free of charge.
- We prefer a 1:4 supervision ratio.
- Our customer service team will prepare a schedule that suits your specific individual requirements.

Customer Service Team

To check availability or secure your booking, contact us by phone or email 8.30 am - 5.00 pm, Monday - Friday

(08) 9215 0740 | bookings@scitech.org.au

Your booking is not confirmed until you receive written confirmation from the Customer Service Team. All changes to your booking must be managed through the Customer Service Team via by phone or email.
